Height: 2-4'

Bloom: July-August

Grass suggestion: Northern Dropseed, *Sporobolus heterolepis*

Culver's Root

Royal Catchfly

Sky Blue Aster

PREPPING YOUR SITE

- Remove all sod and other unwanted plants from the area with herbicide, or by solarizing
- Add compost or nutrient-rich soil on top of the area, if desired
- You can cover the area in recycled newspaper as a weed barrier

PLANTING & CARE

- Plant one plant per square foot
- Place thin layer of mulch around plants to help prevent weed growth
- Water plants in the morning every day until they are well established
- Weed by hand to benefit pollinators
